

MultiBill

Web Based Billing at its Simplest

- Simple
- Fast
- Reliable
- Pay-As-You-Grow
- Innovative
- Secure
- Accurate
- A Complete Solution

Introduction

MultiBill is Lifecycle's hosted billing solution enabling you to bill for **Multiple Services** sourced from **Multiple Carriers**, simply and effectively.

MultiBill benefits from Lifecycle's depth of knowledge and expertise, forged by over 10 years of telecoms experience.

To benefit from this technologically advanced system all you need is internet access....

Features

COST EFFECTIVE - No set-up fees, software licensing fees or hardware costs and no hidden costs

LOW MAINTENANCE - MultiBill collects, mediates, reports on and bills your CDRs so you do not have to

BRANDING - Customise MultiBill with your own logo, look and feel to strengthen your brand identity

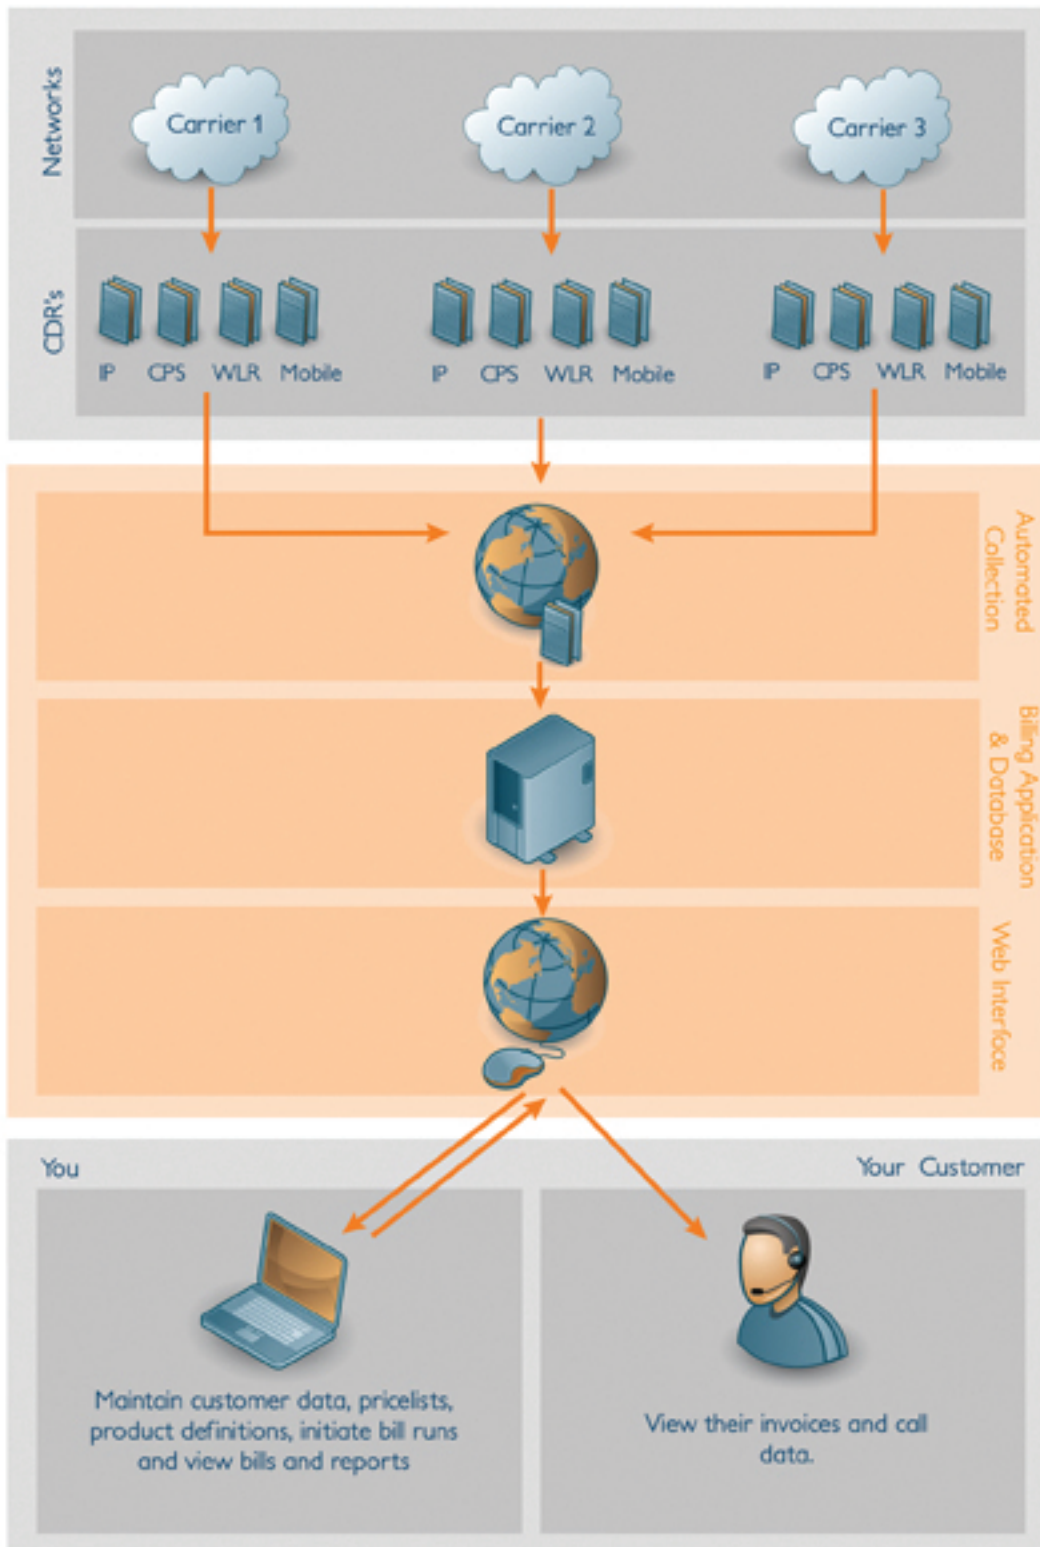

REPORTING - MultiBill offers extensive reporting providing you with a clearer profile of your businesses success

21ST CENTURY TECHNOLOGY - Your customers can view their billed and unbilled calls online and receive their invoices via email

SUPPORT - Lifecycle believe that supporting the customer to get the most out of the solution is the best way of providing a quality product. We provide a dedicated team to train and support you to ensure your customers' satisfaction.

Here is a summary of how it works...
